

WE CATCH

WE PROCESS

Port of Vigo, facilities

As a result of that first boat acquired by Mr. Jose Pereira Alvarez in 1955 and with research, innovation and development as the engine of Pereira Group business thought, Pereira Productos del Mar S.A. was created in 1987.

In that way Pereira family reach one of their greatest aspirations: trade with their own processed products.

Pereira Productos del Mar S.A. starts-up mean the total control from the beginning to the end of the supply chain, a process which begins in the best fishing grounds of the world and finishes at consumer's table.

We catch in the main fishing grounds of Atlantic Ocean

OUR PRODUCTS:

Caught by own freezer vessels

Tested by our quality experts

Processed in our own factories by qualified staff

Transported by our own fleet

Walvis bay, Namibia, facilities

OUR PROCESSING PLANTS:

Our 3 updated factories are equipped with the best technology to process products according to our customers requirements.

Our staff take care day after day to reach the highest quality standards in processing and distribution.
